Post-secondary students in the State of Mississippi often choose to attend a Mississippi community college (MS CC) and earn an associate degree before transferring to The University of Southern Mississippi to complete their bachelor's degree. To make this transition as smooth as possible and to ensure no credits are lost, we have created this transfer guide. In most, but not all, cases, students may complete a bachelor's degree in what we refer to as a '2+2' format:

2 years at a MS CC for an associate degree, which includes general education coursework
 +
 2 years at USM to complete the bachelor's degree

Please use the key below to determine which courses you must, should, or could take at a Mississippi community college before transferring to Southern Miss.

KEY

 MUST	Students who do not complete these requirements at a MS CC cannot complete their bachelor's degree in the 2+2 format.
 SHOULD	Students should complete these requirements at a MS CC in order to have the smoothest transition to Southern Miss. It may still be possible to complete a bachelor's degree in the 2+2 format without taking these courses, but it will be challenging.
 COULD	Students could complete these requirements at a MS CC if they desire. Not taking these courses prior to transferring will not affect a student's ability to complete their bachelor's degree in the 2+2 format.
 CALCULUS READINESS	Calculus is required on this degree plan. Students should arrive at Southern Miss ready to take Calculus I, which means they must have completed Trigonometry or have a Math ACT subscore ≥ 26 . Students may complete Calculus I prior to transferring if they desire.

NOTE: *This document is intended as a guide; it does not guarantee graduation in the 2+2 format. Degree requirements are subject to change. Please consult the school of your desired major for up-to-date requirements.*

Additional majors are available from the other Southern Miss colleges.

MUSIC

MUSIC BA, MUSIC (JAZZ STUDIES) BM, MUSIC (PERFORMANCE) BM

PROGRAM INFO

Master your musical artistry and prepare to be a prominent educator and artist through the study of music. At The University of Southern Mississippi, this is accomplished through a well-rounded education focused on applied lessons, performance-driven opportunities like participation in major ensembles including band, choir, jazz band, or orchestra, and music history and theory classes.

Our program is accredited by the National Association of Schools of Music.

KNOWLEDGE & SKILLS

At USM, you will achieve musical excellence through academic engagement on and off the stage. The School of Music offers degrees in music performance, music education, and a music-based liberal arts degree.

Performance emphases include:

- Percussion
- Piano
- Strings
- Voice
- Winds
- Jazz Studies

CAREER OUTLOOK

The bachelor of arts and bachelor of music degree programs are ideal for people who want to work as performers, musicologists, private studio teachers, music theorists, band directors, church musicians, and arts administrators, among many other possibilities.

OPPORTUNITIES

SCHOLARSHIPS

All prospective students who audition (as music majors or as non-majors) for the School of Music are considered for competitive music scholarships.

STUDY ABROAD

Each summer, Dr. Edward Hafer, musicologist and director of the music study abroad program, travels to Vienna with students from the School of Music for a two-and-a-half-week journey to visit and study Vienna's major historic music sites.

MUSIC EDUCATION

CHORAL PEDAGOGY, CHORAL LICENSURE,
INSTRUMENTAL PEDAGOGY, INSTRUMENTAL LICENSURE

PROGRAM INFO

This is an innovative and practical degree with a curriculum that prepares students to be among the finest music teachers in the nation. Emphasis areas are designed to provide a balance between music performance, music pedagogy (the practice of teaching), and general education. While at Southern Miss, music education students not only succeed in their preparation to become future music leaders, but succeed as performers, winning state and national performance awards.

Our program is accredited by the National Association of Schools of Music.

KNOWLEDGE & SKILLS

Music education students receive world class training in music theory, music performance through private lesson study and ensemble experience, and the art of teaching.

Students explore and develop skills in performing various levels of music, while gaining the ability to effectively conduct rehearsals, choose repertoire, and develop appropriate performance goals for diverse types of music classes, concerts, festivals, competitions, and auditions.
