- GHY 101 World Geography: Dynamics of a Changing Earth (F2F and Online)
- GHY 104/L Weather & Climate (F2F and Online)
- GHY 105/L Land and Water & Lab (F2F and Online)
- GHY 217 Introduction to Geographic Information Systems
- GHY 315 Research Methods in GHY
- GHY 330 The Geography of Exploration [new course]
- GHY 341 Geography and World Political Affairs
- GHY 370 Conservation of Natural Resources
- GHY 411 Remote Sensing Principles IN SPRING SCHEDULE
- GHY 412 Remote Sensing Applications (moving to Even Spring after 2025)
- GHY 418 Spatial Analysis and Modeling
- GHY 441 Contemporary Issues in Geography Seminar
- GHY 443 Sustainable Development and Planning (moving to fall)
- GHY 468 Spatial Programming and Automation

Summer 2025:

- GHY 101/L World Geography: Dynamics of a Changing Earth
- GHY 104/L Weather and Climate

Fall 2025:

- GHY 101 World Geography: Dynamics of a Changing Earth
- GHY 104/L Weather and Climate & Lab
- GHY 105/L Land and Water & Lab (F2F and Online)
- GHY 217 Introduction to Geographic Information Systems
- GHY 331 Cultural Systems in the Environment (online)
- GHY 341 Geography and World Political Affairs
- GHY 414 Drones
- GHY 417 Quantitative Methods in Geographic Analysis
- GHY 425 Applied Climatology
- GHY 443 Sustainable Development and Planning (moving to fall)
- GHY 469 Internet Mapping

Spring 2026:

GHY 101 World Geography: Dynamics of a Changing Earth
GHY 104/L Weather and Climate & Lab
GHY 105/L Land and Water & Lab (Online)
GHY 217 Introduction to Geographic Information Systems
GHY 331 Cultural Systems in the Environment (F2F)
GHY 341 Geography and World Political Affairs
GHY 411 Remote Sensing Principles
GHY 412 Remote Sensing Applications
GHY 418 Spatial Analysis and Modeling
GHY 423 Dendrochronology
GHY 441 Contemporary Issues in Geography Seminar
GHY 467 Design and Deployment of Geodatabases

Summer 2026:

GHY 101 World Geography: Dynamics of a Changing Earth
GHY 104/L Weather and Climate & Lab

Fall 2026:

GHY 101 World Geography: Dynamics of a Changing Earth
GHY 104/L Weather and Climate & Lab
GHY 105/L Land and Water & Lab (Online)
GHY 210 Introduction to Map Reading and Cartography
GHY 217 Introduction to Geographic Information Systems
GHY 331 Cultural Systems in the Environment
GHY 341 Geography and World Political Affairs
GHY 414 Drones
GHY 417 Quantitative Methods in Geographic Analysis
GHY 422 Biogeography
GHY 443 Sustainable Planning and Development
