

CREATIVE PLAYHOUSE

This fun exercise will spark your child's creativity while helping them to better understand household items while developing fine motor skills.

ITEMS YOU WILL NEED:

1. Blank paper of any kind
2. Scissors (not necessary if child is too young for scissors)
3. Glue stick
4. Old magazines

INSTRUCTIONS:

1. Talk with your child about items that are found in the house. (ex: furniture, food, clothes, cleaning products, appliances.)
2. Give your child old magazines to look through and find photos of the household items discussed.
3. Ask the child to cut out (or tear) the items they find and glue them to the piece of paper, making their own imaginary playhouse.
4. Once the glue has dried, ask the child to discuss the items in their playhouse and that they are used for.
