

**The University of Southern Mississippi Nurse Anesthesia Program
ADMISSION REQUIREMENTS & CHECKLIST**

Completed	REQUIREMENT
	BSN or MSN from a full accredited, NLN or CCNE, program in the United States. BSN completed at time of application. 3.0 or higher GPA based on a 4.0 system in both undergraduate and graduate nursing courses.
	Completion of the Graduate Record Examination within the past 5 years. A minimum analytical score of 3.0 is required.
	A current, unencumbered registered nursing license in any state with eligibility for licensure in Mississippi. (State compacts accepted).
	Completion of official application materials and payment of application fees by stated deadline for the USM Graduate School.
	Pay \$100 application fee prior to interview, to USM Nurse Anesthesia Program mail to: Ms Sonia Adams, Student Services Coordinator 118 College Drive #5093 Hattiesburg, MS 39406
	Must currently be working full time with at least one year, preferably two years, of experience in an area of intensive care nursing at the time of application. ICUs, CVRs, Trauma ICU, Burn ICU, PICU, NICU, Neuro ICU, MedSurg ICU are examples. Step down units, recovery room, and cath labs do not meet qualifications.
	Completed an approved advanced graduate-level statistics course, achieving a grade of B or higher within the past 5 years. (This may be taken after admission to the program from USM in the fall prior to starting program)
	Proof of current certification of advanced cardiac life support (ACLS), pediatric advanced life support (PALS), basic life support (BLS), and critical care nurse certification (CCRN).
	Must submit a current curriculum vitae or resume.
	Complete and upload the clinical competency checklist – located under Useful Forms on the USM NAP website
	Shadow log or CRNA interview form uploaded to Graduate School Application system. You may submit both if you like. Both forms are located in the Useful Forms link on the USM Nurse Anesthesia website. See notes below **
	Complete supplemental College of Nursing and Health professions application:
	Submission of three (3) letters of reference from individuals (doctoral-level nursing preferred) familiar with the applicant's academic/professional background and experience in nursing practice, specifying in detail the applicant's capacity for doctoral study and clinical expertise. Immediate supervisor, a CRNA and one other with knowledge of your ability is required.

	<p>You will submit a statement of purpose included in your cover letter. You should address: a) articulate the reason you have chosen nurse anesthesia as a career, b) your personal/professional accomplishments, c) your strengths and weaknesses, and d) your short/long range professional goals. The essay is limited to two pages double-spaced. (Times Roman 12 font or Arial 11 font size). Only the first two pages will be read if your essay goes over the limit.</p>
	<p>Participate in a personal interview with the Admissions Committee (if invited).</p>

*Email reminders to complete your application are sent through the Graduate School system. It is up to the applicant to ensure their file is complete by the June 1st deadline. The Graduate School houses the applications and documents, this is not done within the Nurse Anesthesia Program. Please do not contact the program or College student services to see if your application is complete. We will contact you at the email you provided in your application if we see a missing component during our application review period.

****Shadow Log:** Clinical shadowing is essential for prospective applicants considering a career in nurse anesthesia, allowing the opportunity to gauge and affirm interest in nurse anesthesia as a career. A shadowing experience provides an introduction to the profession and the day-to-day responsibilities.

Learning objectives that should serve as guidelines for the shadowing experience include determining the profession's fit, including aptitude, dedication, and attributes needed to pursue nurse anesthesia, and understanding the anesthesia roles on the health care team.

Due to current restrictions in many surgical units, shadow experiences may be limited. If an applicant cannot meet the minimum required shadowing hours, he/she will be required to perform and submit a supplemental CRNA interview.

To complete the interview:

- 1- Download the *Application Supplement-CRNA Interview Form* located on the USM NAP website under Useful Forms
- 2- Complete the form and submit with--or in place of/or along with --your Shadow Log to the electronic graduate school application.
