Buyer, Procurement and Contract Services

1) In order to give bidders time to prepare a thorough response, would the University please consider extending the due date? Yes, the University of Southern Mississippi will extend the deadline to July 9, 2019 @ 2:00 pm.

2) Volume: how many student licenses should be quoted? The fall 2018 headcount was 14,730 however, as stated in the bid, we request flexible pricing because not all programs/units actually use the detection software.
