The University of Southern Mississippi reserves the right to reject any and all bids, to waive any informality in bids, and unless otherwise specified by the bidders, to accept any items on the bid. If the bidder fails to state the time within which bids must be accepted, it is understood and agreed that The University of Southern Mississippi shall have 90 days to accept. The University of Southern Mississippi reserves the right to make an award to this bid on an all or none basis, or on a line by line basis, whichever serves the best interest of The University of Southern Mississippi.
- 8.) Contracts and purchases will be made or entered into with the lowest, responsible bidder meeting specifications.

A written purchase order or contract award mailed or otherwise furnished to the successful bidder within the time of acceptance specified in the Invitation for Bid results in a binding contract without further action by either party. - 10.) Unless written exception is provided in the bid response, the winning Vendor agrees to be bound by the USM Terms and Conditions, which are incorporated herein, and may be found at <https://www.usm.edu/procurement-contract-services/usm-terms-and-conditions>.

 - b. The Vendor shall have no limitation on liability for claims related to the following items:
 - i. Infringement issues;

 - d. All requirements that the University pay interest are deleted, except for those in conjunction with USM's standard payment terms of Net 45 days. Payments made beyond 45 days are subject to late fees and interest.
 - e. Should any of the terms and conditions in the purchase contract conflict with the laws of the State of Mississippi, the laws of the State of Mississippi shall supersede and govern. A revision of the terms and conditions will be required to ensure compliance with Mississippi state law.
 - f. The University shall not pay any attorney's fees, prejudgment interest or costs associated with any legal action to or for the Vendor, except that which are ordered by a court of competent jurisdiction.
- 14.) Bid files may be examined during normal working hours by bid participants. Non- participants will be prohibited from obtaining any information relative to the bid until the official award has been made.
- 15.) If purchase orders or contracts are canceled because of the awarded vendor's failure to perform or request for price increase, that vendor shall be removed from our bidders'list for a period of 24 months.
- 16.) No addendum will be issued within a period of two (2) working days prior to the time and date set for the bid opening. Should it become necessary to issue an addendum within the two-day period prior to the bid opening, the bid date will be reset giving bidders ample time to answer the addendum.
- 17.) Alternate bids, unless specifically requested or allowed, will not be considered.
- 18.) Bid openings will be conducted open to the public. However, they will serve only to open the bids. No discussion will be held with any vendor as to the quality or provisions of the specifications, and no award will be made either stated or implied at the bid opening. After the close of the bid opening meeting, the bids will be considered to be in the evaluation process and will not be available for review by bidders. Proposal openings are not required to be open to the public; however, the resulting award is open for public inspection.
- 19.) Prices quoted shall be firm for the term of the contract or for the stated time of acceptance.
- 20.) The bidder understands that The University of Southern Mississippi is an equal opportunity employer and, therefore, maintains a policy which prohibits unlawful discrimination based on race, color, creed, sex, age, national origin, physical handicap, disability, or any other such discrimination; and the bidder, by signing this bid, agrees during the term of agreement that the bidder will strictly adhere to this policy in its employment practices and provision of products or services.
- 21.) Bidders must upon request of The University of Southern Mississippi furnish satisfactory evidence of their ability to furnish products or services in accordance with the terms and conditions of these specifications. The University of Southern

Mississippi reserves the right to make the final determination as to the bidder's ability.

- 22.) Questions or problems arising from bid procedures should be directed to the Buyer listed on the solicitation at:

The University of Southern Mississippi
118 College Drive #5003
Hattiesburg, MS 39406-0001
Phone: (601) 266-4131
Bids@usm.edu

- 23.) All items must equal or exceed the specifications listed. The absence of detail specifications or the omission of detail description shall be recognized as meaning that only the best commercial practices are to prevail, and that only first quality materials and workmanship are to be used.
- 24.) It is the intent of the specifications to obtain a product that will adequately meet the needs of the user while promoting the greatest extent of competition that is practicable. It is the responsibility of the prospective bidder to review the entire Invitation to Bid packet and to notify The University of Southern Mississippi if the Specifications, Instructions, General, or Special Conditions are formulated in a manner which would unnecessarily restrict competition.
- 25.) It shall be incumbent upon the bidders to understand the specifications. Any requests for clarifications shall be in writing and shall be submitted to our Procurement Services office at least five (5) business days prior to the time and date set for the bid opening, unless otherwise noted in the bid or proposal specifications.
- 26.) The minimum specifications are used to set a standard and in no case are used with the intention to discriminate against any manufacturer. Bidders should note the name and the manufacturer and model number of the product they propose to furnish and submit descriptive literature.
- 27.) Trade names, brand names, and/or manufacturer's information used in these specifications are for the purpose of establishing quality, unless otherwise noted. Bids on products of other qualified manufacturers are acceptable, provided they are demonstrated as equal to those specified in construction, design and suitability. Each bidder shall submit with his bid a complete brochure with pictures on each item and shall point out specifically any deviations from the specified items. Failure to do so may disqualify any bid. Please bid as specified or an approved equal.
- 28.) A copy of the manufacturer's standard guarantee/warranty shall accompany and become a part of this bid.
- 29.) There are no federal or state laws that prohibit bidders from submitting a bid lower than a price or bid given to the U.S. Government. Bidders may bid lower than U.S. Government contract price without any liability as The University of

Southern Mississippi is exempt from the provisions of the Robinson-Patman Act and other related laws. In addition, the U.S. Government has no provisions in any of its purchasing arrangements with bidders whereby a lower price to The University of Southern Mississippi must automatically be given to the U.S. Government.

- 30.) All invoices, unless noted otherwise, are to be billed to:

The University of Southern Mississippi
IT Invoices
118 College Drive #5181
Hattiesburg, MS 39406-0001
ITInvoices@usm.edu

- 31.) All equipment bid shall be of current production and of the latest design and construction.
- 32.) Where all, or part(s), of the bid is requested on a unit price basis, both the unit prices and the extension of the unit prices constitute a basis of determining the lowest responsible and responsive bidder. In cases of error in the extension of price, the unit price will govern.
- 33.) Should the University of Southern Mississippi close due to inclement weather conditions, or any other unforeseen events on the bid opening date, sealed bids will open the following business day at the same time and location.
- 34.) The University reserves the right to solicit Best and Final Offers (BAFOs) from Vendors, principally in situations in which proposal costs eclipse available funding, or the University believes none of the competing proposals presents a Best Value (lowest and best proposal) opportunity. Because of the time and expense incurred by both the Vendor community and the University, BAFOs are not routinely conducted. Vendors should offer their best pricing with the initial solicitation. Situations warranting solicitation of a BAFO will be considered an exceptional practice for any procurement. Vendors that remain in a competitive range within an evaluation may be requested to tender Best and Final Offers, at the sole discretion of the University. All such Vendors will be provided an equal opportunity to respond with a Best and Final Offer under a procedure to be defined by the University that encompasses the specific, refined needs of a project, as part of the BAFO solicitation. The University may re-evaluate and amend the original project specifications should it be deemed necessary in order to improve the opportunity for attaining Best Value scenarios from among the remaining competing Vendors. All BAFO proceedings will be uniformly conducted, in writing, and be subject to solicitation by the University and receipt from the Vendors under a precise schedule
- 35.) As an alternative to traditional sealed bids in envelopes, the University of Southern Mississippi is capable of receiving electronic bid responses. While this option is available, it is not required and we ask that all potential respondents keep in mind that with any electronic system there could be delays or glitches with the submission process; therefore the University highly encourages

traditional sealed bids which are either mailed or submitted in person. Should a vendor choose to submit their response electronically, please follow the instructions below using the following website: https://www.ms.gov/dfa/contract_bid_search/Home/Sell. On this site you will find helpful links to procurement opportunities, as well as a link to supplier registration. If not already registered in this system, potential bidders will first need to click on 'Supplier Registration' and follow the steps outlined (a one-time process). Once registered, they can return to the original website and click on 'Procurement Opportunities' where they can either search by keyword for the bid they desire to respond to or leave the search box blank and click 'Search' for a listing of all current bids and proposals for the various State of Mississippi offices.

Regarding construction bids, there is one additional step required during the bid submission process. Along with the bid response and other attachments, contractors will also need to attach their Certificate of Responsibility (COR), or a statement that the bid enclosed does not exceed Fifty Thousand Dollars (\$50,000.00). If their COR or such statement is not attached, the bid will be invalid and not considered.

REQUEST FOR BIDS

March 26, 2020

A. Instructions to Vendors

The Request for Bids coversheet must be included with each sealed proposals for this bid.

Each bid must be submitted in a sealed envelope bearing on the outside the name “**Mobile-Friendly Software Integration with Oracle PeopleSoft,**” the name of the Vendor, the Vendor address, and the notification of opening on the specified date on the cover sheet.

A pre-bid meeting will be held to answer questions submitted by Vendors during the bid proposal advertising. Vendor questions to be answered at the pre-bid meeting must be submitted by 5:00pm CST Monday, April 6, 2020 to computer.orders@usm.edu. The meeting will be held on Tuesday, April 7, 2020 at The University of Southern Mississippi Hattiesburg campus in Forrest County Hall room 301 at 1:30pm CST to 2:30pm CST. Attendance is not required to be eligible to respond.

B. Payment

The currency used for payment of costs will be in United States dollars.

The University requests to be invoiced annually.

State law requires that the University receive an **original invoice** from the Vendor and that payment of the invoice is processed **within 45 days of receipt** (Miss Code 31-7-305). The invoice should be on the Vendor’s letterhead and/or include an original Vendor representative signature.

USM may choose to use a VISA® Purchasing Card and E-Payables PAVA process for invoice payments in place of a check to pay for purchases from this solicitation. Unless exception is noted in the bid response, the bidder, by submitting a response agrees, to accept the VISA® Purchasing Card and E-Payables PAVA process as an acceptable form of payment and may not add additional service fees/handling charges to purchases made with the VISA® Purchasing Card.

C. Length of Agreement

The University of Southern Mississippi is seeking a five (5) year agreement.

D. References: Vendor should provide three (3) references.

E. Legibility and Organization: Intentionally left blank.

F. Right to Use Proposals in Future Projects

The State reserves the right to evaluate the awarded proposal from this RFP, including all products and services proposed therein, along with the resulting contractual terms, for possible use in future projects if (a) it is deemed to be in the best interest of the State to do so; and (b) the Vendor is willing to extend a cost less than or equal to that specified in the awarded proposal and resulting contract. A

decision concerning the utilization of a Vendor's proposal for future projects is solely at the discretion of the State and requires the agreement of the proposing Vendor. The State's decision to reuse an awarded proposal will be based upon such criteria as: (1) the customer's business requirements; (2) elapsed time since the award of the original project; and/or (3) research on changes in the Vendor, market, and technical environments since the initial award.

G. *Pre-Payments with Pro-Rata Refund*

State law (Section 31-7-305 of the Mississippi Code Ann.) authorizes the issuance of payment after receipt of the invoice and receipt, inspection, and approval of the goods and/or services. The intent is that goods and services must be received, inspected, and accepted prior to payment. Pursuant to this requirement, where pre-payment has been authorized, all pre-payment contracts will require the following statement in the Termination section: "Upon termination of this Agreement by Licensee or by Licensor, Licensor shall issue Licensee a refund of a proportionate share (based on the number of days in the term year before and after the termination) of the Annual Fees paid with respect to that term year."

H. *Criteria for Award*

The Vendor selected for an award will be the Vendor whose proposal, as presented in the response to this RFP, is the most advantageous. The university is not bound to accept the lowest priced proposal if that proposal is not in the best interest of the university as determined by the Evaluation Committee and iTech Department.

Consideration may also be given to any additional information and comments if they should increase the benefits to the university. Upon completion of the initial review and evaluation of the proposals submitted, selected Vendors may be invited to participate in oral presentations.

I. *Bid Specifications*

The Vendor response must meet the specifications and requirements listed in Appendix C. The Vendor must enter a response to each of the items in the Excel spreadsheet provided.

The University of Southern Mississippi aspires to be a model student-centered public research university that prepares students to thrive in a global society by providing high quality programs and transformative experiences in a community distinguished by inclusiveness. Our number one institutional strategic goal is to support student success to foster retention, progression and graduation. As a university, we are working to support student success through all facets of student interaction. One facet that deserves improvement is the student information system used by students to enroll in classes, register for classes, accept or decline financial aid, view and pay their bills, and check degree progress.

The University of Southern Mississippi is looking for a software solution to be used in our plan to support student success and retention. The current Oracle PeopleSoft solution includes a Student Center requiring students to go to multiple screens and follow tedious navigation paths to accomplish basic course enrollment tasks. The University would like to provide students with a contemporary software solution that

makes students' tasks easier and increases the likelihood of success toward degree completion. The solution must provide user-friendly and mobile-friendly screens that allow students to view course availability, enroll in classes, and see their schedules in one place. Our University has invested heavily in the Oracle PeopleSoft student information system and we need a partner solution that is designed to work inside the Oracle PeopleSoft product.

The University plans to use student data to create student success plans and new opportunities for students. The new software solution should also provide student-centered data through custom reports that will facilitate our plans.

Please review the criteria listed in the attached spreadsheet that will be graded for more details.

The Excel spreadsheet must be included in the submitted response. Responses must be submitted in the same order as the RFP and should include the question number listed so responses can be easily compared. Southern Miss has no obligation to locate or acknowledge any information in the proposal that is not presented according to these instructions.

J. Additional Requirements

The University acknowledges that the specifications within this RFP are not exhaustive. Rather, they reflect the known requirements that must be met by the proposed system. Vendors must specify, here, what additional components may be needed and are proposed in order to complete each configuration.
