

The University of Southern Mississippi
Notice of Proposed Sole Source Purchase
SSP 20_014

The University of Southern Mississippi anticipates purchasing the item(s) listed below as a sole source purchase. Anyone objecting to this purchase shall follow the procedures outlined below.

1. Description of the commodity that USM is seeking to procure: **Trimble Alloy Receivers and Software. The Trimble Alloy is the latest model of GNSS receiver replacing previous models (NetRS, NetR8, and NetR9). This Trimble equipment assures the Gulf Coast Geospatial Center maintains compatibility for use with an already existing network of Trimble permanent bas stations and provides seamless integration with existing Trimble Pivot Platform software application. These stations are part of a national sponsored program by the Department of Commerce, National Oceanic and Atmospheric independent operating platform and for the future of our center.**
2. Explanation of why the commodity is the only one that meets the needs of the agency: **What makes the Trimble Alloy unique is that the units utilize a data stream referred to as CMR+ and CMRx. CMR+/CMRx is a proprietary Trimble signal developed to send datarom base stations to our existing Trimble Network Software Package (Trimble Pivot Platform).**
3. Explanation of why the source is the only source is the only person or entity that can provide the required commodity: **No other hardware has the ability to utilize the CMR+/CMRx protocol to integrate with our existing infrastructure and it is an essential component in providing real time corrections with centimeter level accuracy.**
4. Explanation of why the amount to be expended for the commodity is reasonable: **The cost is reasonable and acceptable considering all circumstances: which include the**

degree of quality, location, value, technology and unique requirements of the Gulf Coast Geospatial Center and the Funding Agency.

5. Efforts that the agency went through to obtain the best possible price for the commodity:
The Gulf Coast Geospatial IT and Technical team had various meetings via telephone and in person with the manufacture and dealer. As a result, we received a 25% discount over retail cost.

Advertisement Schedule	Date
1st scheduled	12/12/19
2nd scheduled	12/19/19

Any person or entity that objects and proposes that the commodity listed is not sole source and can be provided by another person or entity shall submit a written notice to:

Steve Ballew
Director of Procurement & Contracts
steve.ballew@usm.edu

Subject Line must read "Sole Source Objection"

The notice shall contain a detailed explanation of why the commodity is not a sole source procurement. Appropriate documentation shall also be submitted if applicable.

If after a review of the submitted notice and documents, USM determines that the commodity in the proposed sole source request can be provided by another person or entity, then USM will withdraw the sole source request publication from the procurement portal website and submit the procurement of the commodity to an advertised competitive bid or selection process.
