Request for Qualifications (RFQ)
for
Architectural and Engineering Services
RFQ 23-04

GENERAL

Mississippi-licensed architects and engineers are invited to provide written statements of qualifications of their professional services for a project at The University of Southern Mississippi, Gulf Park campus, located in Long Beach, MS. The project is titled “Gulf Park Language and Speech Therapy Center”. Following selection of a design team, the successful candidates will complete programming, schematic design, design development, construction documents, specifications, cost estimate, and provide management and support from bid advertising through project completion.

The Gulf Park Language and Speech Therapy Center project has not been programmed; however, a broad description of the project could potentially include the following:

- Demolition of existing structures or sections of structures;
- Programming and design of new structures and building, not to exceed 25,000 GSF;
- Design complementary of existing campus architecture precedents;
- Coordination of design and implementation of Structural, Mechanical, Electrical, Plumbing and Communications / Data / Security systems as required;
- Connection into existing University infrastructure;
- Design of buildings/facilities/spaces that are appropriate for K-12 education and language and speech therapy;
- Design of playgrounds and outdoor educational/language and speech therapy spaces for children up to 13 years old;
- Compliance with ADA regulations and all other applicable building and fire code requirements, and elevations as necessitated by the design solution;
- Overall site design to potentially include parking lot and/or landscaping work; and,
- Coordination with the Mississippi Institutions for Higher Learning (IHL) and their associated processes.

ADDITIONAL INFORMATION

RFQ PROTOCOLS:

This is a Request for Qualifications based on standard M54 and M55 forms. Firms demonstrating a strong background in The University of Southern Mississippi construction projects, especially K-12, child development centers, and language and speech therapy facility projects, are specifically encouraged to apply.

Required submission information:

Applicants should submit:

- Letter of Interest: The letter should profile the entire team indicating the lead firm

and the email address and contact information of the letter signatory. The lead firm should be an architect or engineer licensed in Mississippi.

- Design Experience: Experience should include design projects similar in size and scope (past 10 years) and demonstrate the firm's ability to manage the project through all phases. Examples should include:
 - Designs for new construction valued between \$2 million and \$15 million;
 - Designs in gulf coast environments;
 - Designs for K-12 educational building new construction;
 - Children's center design, including playgrounds;
 - Include any design experience with facilities that provide language and speech therapy services, including observation spaces, parent/guardian meeting rooms, classrooms and indoor and outdoor non-classroom educational/therapy spaces;
 - Schedule and budget management in projects provided as examples;
 - Previous work that includes personnel available for this project; and
 - References with contact information specific to the relevant project designs.
- Principal Team Members: Include resumes for team members expected to participate in project.
- Consultants:
 - Include a list of inside engineering or design professionals that may be used for this project that would preclude the use of outside consultants including the expected extent of their involvement.
 - Include a list of outside consultants that may be used for this project including the expected extent of their involvement.
- Joint ventures of professionals are acceptable.

Interested parties are requested to register their intent to submit qualifications on the USM Procurement website under 'Vendor Information' in the 'Bids' link where this announcement is posted. Part of the initial Pre-Planning/Schematic Design Phase work will include Programming. In an effort to minimize the potential for appearances of preferential treatment, special consideration, political advantage, or other improprieties, applicants are specifically prohibited from contacting University faculty, staff, administrators, executives, or any personnel other than those designated herein.

The University will utilize the State Bureau of Buildings standard contractual agreement with fees pre-determined based on the nature of the project and its respective scope and complexity. Submittals shall include a minimum of 8 copies of completed RFQ materials.

RELEASE DATE: This RFQ will be released Thursday, September, 15, 2022.

DUE DATE: Hard copies of qualifications materials must be received by postal or expedited service or by hand delivery prior to 3:30 P.M.CT on Thursday, October 13, 2022. All submissions will be date stamped upon arrival.
